The Honorable Elaine Chao  
Secretary  
U. S. Department of Transportation  
1200 New Jersey Avenue SE  
Washington, DC 20590-0001

Dear Secretary Chao,

It has been brought to my attention that the City of St. Charles, Missouri, has applied for a grant through the United States Department of Transportation's BUILD grant program.

The City of St. Charles has the opportunity to enhance a growing business district along the Missouri River through their Bangert Island Riverfront Transportation Project. This grant would assist in bringing multimodal transportation infrastructure to St. Charles. This will restore a damaged aquatic habitat, establish a water quality basin along the Missouri River, and have a positive economic impact on the region. This project is widely supported by the local government leaders, businesses, and regional organizations.

It is my hope that you will give full and fair consideration to this request from the City of St. Charles.

Sincere regards,

Roy Blunt  
United States Senator
